Science and Maths educator for Grades 6 to 9 — 1 Year, Apr'20-Mar'21

Science and Maths facilitator in online mode during the pandemic.

Internships and Field Experience

Field Attachment

HBCSE (Homi Bhabha Centre for Science Education), Mumbai — **Mumbai**, 3 weeks

- To look into "Learning Unit" as a part of reading and analysing the concept behind designing them, and give critical feedback, if any.

- The next task was to review the NCERT Physics textbooks for Grades 8 to 10 and identify the physics concepts that can be linked to GeoGebra and its applications.
- To observe various programmes going on in institutes, such as teacher training for chemistry teachers from Army Public Schools and their workshops.
- To implement the "Learning Unit" at various schools on the grassroots level, such as CAS Madhyamik school and AEES schools, along with the VP team, and observe the classes.
